Mr. B. O. Childs,
Forsyth, Ga.

Dear Sir:

I understand that your Grandmother was a Collier and I am endeavoring to get all the information I can regarding the Monroe family of Colliers as I am tracing this family back to the old Colonial days. I learned through Mrs. Wilson that you have the old family Bible of your Grandmother's. I would like for you to go back to the oldest Monroe Collier you know of and give me their names, dates of birth and death and then the names of their children on down to the present day. There use to be a Cuthbert Collier way back in the old days before my time and perhaps a Robert Collier, then there was a John M. Collier, Lewis Collier's Father. All this information will be much appreciated.

Very respectfully,
